CAREER SUMMARY

I am eager to leverage my technical skills and knowledge in a dynamic IT environment. Seeking a challenging position to contribute to a progressive organization's success. Adept at **SQL, HTML, JavaScript, CSS, Python, Bootstrap, Django, and Databases like SQL Server,** with a passion for staying abreast of emerging technologies. Committed to continuous learning, teamwork, and delivering innovative solutions to drive organizational growth.

SKILLS AND STRENGTHS

- **Programming Languages:** - Include languages such as Python, and SQL.
- **Framework:** - Django, Bootstrap.
- **Web Development:** - HTML, CSS, JavaScript.
- **Database Management:** - MySQL.
- **Team Collaboration:** - Ability to work collaboratively in a team environment.
- **Adaptability:** Quick learner and adaptable to new technologies and challenges.
- **Leadership:** Proactive in taking on responsibilities and finding solutions.

PROJECTS

- **Project 1:** Play Papers wallpaper
  Tools Used: HTML, CSS
  - Play Papers is a static website dedicated to gaming wallpapers. The website showcases a collection of high-quality wallpapers featuring popular games. It utilizes HTML and CSS for its design and presentation, providing visitors with a visually appealing and immersive experience.
  - (https://playpapers.netlify.app)

- **Project 2:** SQL CASE STUDY
  Tools Used: SQL Query, XAMPP Server
  - This is a simple database creation using SQL queries and primary and foreign key concepts. (https://github.com/itsHaarsh/SQL-casestudy-1)

- **Project 2:** Personal portfolio website
  Tools Used: HTML, CSS, JAVA SCRIPT
  - My portfolio website demonstrates my proficiency in HTML, CSS, and JavaScript, featuring my projects and skills in web development. It reflects my passion for creating dynamic web experiences and serves as a testament to my dedication to the field. (https://harsh-portfolio1.netlify.app/)
